

# KuWiH Catalogue 2025

“Children have always learned and created places for themselves through play!”

**KuWiH**

Perfect retreat and play area for children • in restaurants • in hotels • in banks • in medical practices  
• in hospitals • in car dealerships • in furniture stores • in nurseries • in schools

# Hello KuWiH!

“Your own four walls, cave, retreat, playhouse, puppet theater, ball pool, Punch and Judy show, LED starry sky, illuminated wall...”

## KuWiH is a true jack of all trades

Children often need a place where they can retreat. The “Kids and gnome cave” offers such a space where they can feel safe, secure and playfully forget the time.

In banks, car dealerships, hotels, restaurants, nurseries, medical practices and other establishments, KuWiH ensures that children feel at ease and are kept busy. Parents are more relaxed and can enjoy the services on offer or have undisturbed conversations.

Foremost, KuWiH is a place that stimulates the imagination, invites discovery and promotes children’s social, motor- and sensorimotor development.

KuWiH is particularly attractive for young visitors and makes them feel especially welcomed!

Our heart beats for KuWiH:

Sam John Regner

## KuWiH Learn'n play table

### One becomes two

Can be used on both sides! Simply turn the table top: this results in a table top with 4 recessed light panels that invite to draw, write or practise arithmetic with the illuminated pen.

There are no limits to creativity!

◆ Four light board pens included.

Article no. TIWIH1

€ 312,00

The KuWiH learn'n play table is a versatile learning table for nurseries and elementary school.

Made from natural, untreated birch plywood, which gives off a pleasant wood aroma and thus invites children to play and learn creatively.

On the one hand, the learning play table is a "normal" table, but if you turn the table

top over, there are 4 spaces with recessed light panels for writing, painting, drawing and much more.

The children are delighted with the possibilities it offers them!

Länge: 75 cm
